

## **Get acquainted with Great Service at Collins Automotive, Inc.**

My passion for automobiles started at a young age. After graduating from Technical Institute in 1983, my wife Robin & I found a great neighborhood location in Crown Point to run our shop. Like any family owned business we work many long hours, but it's worth it because the out come keeps our customers happy and coming back for all their car care needs.

I am an experienced mechanic and can do anything from a simple oil change to a complete engine overhaul. We will pinpoint any vehicle problem all in a timely manor. My goals keeps this business running with ASE Master Technicians. We have up to date equipment which leads to a faster turn out & less expense.

For Collins Automotive, Inc. it's all about customer satisfaction, it's the key to growing a successful business.

Sincerely,

Tim Collins, Owner

421 E. Goldsborough St.

Crown Point, IN 46307 - 219-663-4423
